

## About

North East Computer Systems Ltd. began as a one man business and has grown into an extremely reputable company with its office headquarters in Gosforth. This growth has been as a result of the excellent service, dedication and a focus on customer satisfaction.

NECS has enthusiastic staff with many years experience in the IT industry. We endeavour to improve our standards through a continual training regime which enables us to support our clients in any area.

At NECS we believe that providing a quality service is the best way to develop our business, we focus on building positive long term relationships with all our clients.
